

# VitraXPRESS

## Unmatched Speed, Unparalleled Quality

Vitracoat has launched a new unparalleled small batch quick response program to the powder coating market. Our program offers color matching in less than 7 business days and production of approved powder in no more than 10 business days.

Vitracoat can package anything from our VitraXPRESS program in 25 pounds boxes for ease in handling.

### Available Product Types:

- TGIC Polyester Standard and Superdurable
- TGIC Free
- Urethane
- Hybrid
- Epoxy

### Surface Finishes:

- Some lower gloss requirements depending on chemistry
- Metallics and multi-colors
- Some vivid colors
- Some textured appearances

Guaranteed Quality Every Time

Revised 10.10.19
